Subject: Oaklane Hutterian Brethren, Alexandria, SD 57311

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1):

1:

Oaklane Hutterian Brethren is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on name and data for ID as a Hutterite colony.

Data for Oaklane Hutterian Brethren for ID as a Hutterite colony:

- 3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (SD) | Parent Colony | Leading Surnames 1987 | Oak Lane | Alexandria | Rockport | Wipf]

4) Rocky Cape Christian Community/Hutterite colony data: [Oak Lane, SD, 1986 - present (note: Schmiedeleut)]

5) Hutterite Directory (for Oak Lane Colony):

[Oak Lane, 26730 - 423rd Ave., Alexandria, SD 57311-7110]

Identity of USDA farm subsidy recipient:

[Oaklane Hutterian Brethren, Alexandria, SD 57311]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2006: \$1,499,534.82 (note: exact calculation)
- 2) Subsidy Payments 1995-2006 Total: \$1,499,535 (note: rounded off calculation)

IRC Section: (unknown)
Ruling Date: (unknown)

Operating As: Hutterite colony

> Findings for Section NE 1, for: [Oaklane Hutterian Brethren, Alexandria, SD 57311] (page 1) 1:

Refer to the original findings for Section LF for data. This findings includes updated data.

Farm Location(s)' (addresses on file) subsidy payments data shows a data conflict. The data conflict will not invalidate the figure [Subsidy Total 1995-2010: \$1,931,308.49] because 'Programs' (Payment Breakdown) data will validate the figure. The data is:

Total USDA - Subsidies = \$1,931,308

Subtotal, Farming Subsidies = \$1,677,331

Subtotal, Conservation Programs = \$137,998

Subtotal, Disaster Payments = \$115,979

(note: EWG will express a exact figure as a rounded off figure for their calculations)

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for:

[Oaklane Hutterian Brethren, Alexandria, SD 57311]

(page 1)

1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2:

IRS EO/BMF data not found for original evidence.

Melissa Data not found for new evidence so do not know IRC section.

3:

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

[Oaklane Hutterian Brethren, Alexandria, SD 57311]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$1,931,308.49 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$1,931,308 (note: rounded off calculation) (note: 'Subsidy Payments' data shows a data conflict but 'Programs' (Payment Breakdown) data will validate the 'Subsidy Total' figure)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

IRC Section: (unknown)

Ruling Date: (unknown)

Operating As: Hutterite colony

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses little companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Welland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wellands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

^{*} According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: Old Elm Spring Colony, Parkston, SD 57366

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1): 1:

Old Elm Spring Colony is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on data for ID as a Hutterite colony. Old Elm Spring Colony is a recognized Hutterite colony, Hutterite surnames are found at Old Elm Spring Colony, and Old Elm Spring Colony is included in the Hutterite Directory.

Data for Old Elm Spring Colony for ID as a Hutterite colony:

- 1) Name: Old Elm Spring Colony, Parkston, SD 57366
- 2) EWG/USDA ownership shares data, Hutterite Surnames: Decker, Hofer, Wipf, Wollman
- 3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (SD) | Parent Colony | Leading Surnames (no data) | Old Elm Spring | Parkston | New Elm Spring | Wipf]

- 4) Rocky Cape Christian Community/Hutterite colony data: [Old Elm Spring, SD, 1998 - present (note: Schmiedeleut)]
- 5) Hutterite Directory (for Old Elm Spring Colony): [Old Elm Spring, 42021 - 268th St. Parkston, SD 57366-5206]

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names represent a common identity, if Spring is the same identity as Springs, and are in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[Old Elm Spring Colony, Parkston, SD 57366]

IRS Organization Name and Location:

[Old Elm Springs Hutterian Brethren Inc. Parkston, SD 57366-5206]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 07/1987 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization. 3:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/1/2009)] [Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date] [460394864, Old Elm Springs Hutterian Brethren Inc., SD, 501(d), 07/1987 = IRS] [460394864, Old Elm Springs Hutterian Brethren Inc., SD, 501(d), 1987.....= NCCS] [460394864, Old Elm Springs Hutterian Brethren Inc. SD, 501(d), 07-1987 = Melissa Data1 [no data......, Old Elm Springs Hutterian Brethren Inc. SD, 501(d), 07/1987 = TaxExemptWorld.com]

Comparison of data demonstrates all data is the same basic data.

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS. Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 11/1/09.

1:

Refer to the original findings for Section LF for data. This findings includes updated data.

'Farm Location(s)' (addresses on file) subsidy payments data shows a data conflict. The data conflict will not invalidate the figure [Subsidy Total 1995-2010: \$1,202,713.19] because 'Programs' (Payment Breakdown) data will validate the figure. The data is:

Total USDA - Subsidies = \$1,202,713

Subtotal, Farming Subsidies = \$1,030,772

Subtotal, Conservation Programs = \$118,390

Subtotal, Disaster Payments = \$53,551

(note: EWG will express a exact figure as a rounded off figure for their calculations) 3(a):

The Melissa Data webpage data for [Old Elm Springs Hutterian Brethren Inc] is the same for the new data from 7/22/2011 and the original data from 11/1/2009 found in Section LF. 3(b):

Comparison of data demonstrates the addresses are the same.

3(d):

The Employer Identification Number (EIN) from 3(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 3(b) and 3(c) is the same from 7/22/2011 and 11/1/2009.

5:

Update for findings for IRS data (Section LF and Section NE 1):

a:

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity, if Spring is the same identity as Springs, and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 07/1987 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

6:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for: [Old Elm Spring Colony, Parkston, SD 57366] (page 1) 1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity, if Spring is the same identity as Springs, and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 07/1987 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

3

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

[Old Elm Spring Colony, Parkston, SD 57366]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$1,202,713.19 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$1,202,713 (note: rounded off calculation) (note: 'Subsidy Payments' data shows a data conflict but 'Programs' (Payment Breakdown) data will validate the 'Subsidy Total' figure)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

IRC Section: (unknown)
Ruling Date: (unknown)

Operating As: Hutterite colony

> Conclusion for Section NE 1, for:

[Old Elm Spring Colony, Parkston, SD 57366]

(page 2)

4:

Recommendation:

> Step 1

Determine IRS organization name as same identity as USDA business name.

USDA Business Name and Location:

[Old Elm Spring Colony, Parkston, SD 57366]

IRS Organization Name and Address:

[Old Elm Springs Hutterian Brethren Inc, 42021 268th St, Parkston, SD 57366-5206]

Hutterite Directory (for Old Elm Spring Colony):

[Old Elm Spring, 42021 - 268th St, Parkston, SD 57366-5206]

> Step 2

If a determination of IRS organization name as same identity as USDA business name cannot be made then a investigation is necessary to find IRC section data from the IRS Business Master File (BMF) for:

Name: Old Elm Spring Colony, Parkston, SD 57366

Timeframe for IRC section data: 1995-2010

Data from Section LF:

Hutterite Directory (for Old Elm Spring Colony):

[Old Elm Spring, 42021 - 268th St, Parkston, SD 57366-5206]

Different Business Names:

1) Manta data:

[Old Elm Spring Colony also does business as Old Elm Hutterian Brethern Spring Colony] [Old Elm Spring Colony, 42021 268th St. Parkston, SD 57366-5206]

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participation in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed USDA's Natural Resource Conservation Service uses filte companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

^{*} According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: New Elm Spring Colony, Ethan, SD 57334

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1):

1:

New Elm Spring Colony is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on data for ID as a Hutterite colony. New Elm Spring (New Elmspring) Colony is a recognized Hutterite colony, Hutterite surnames are found at New Elm Spring Colony, and New Elm Spring Colony is included in the Hutterite Directory.

Data for New Elm Spring Colony for ID as a Hutterite colony:

- 1) Name: New Elm Spring Colony, Ethan, SD 57334
- 2) EWG/USDA ownership shares data, Hutterite Surnames: Hofer, Tschetter, Wipf, Wollman (note: data is for 2004, no data available for 2005-2006)
- 3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (County) State/Province | Parent Colony 1936 | New Elmspring, South Dakota | Ethan (Davidson) SD | Alsask, Manitoba (note: a province or state has been added to the 'Colony Name' and 'Parent Colony' by FEEFHS for a flat file database for the Internet)]

4) GAMEO/Hutterite colony data:

[(Schmiedeleut Bruderhofs in South Dakota)

Name of Colony | Address | Founded | Pop. 1957 | Head Preacher

New Elm Spring | Ethan | 1936 | 145 | Sam Wollmann]

5) Hutterite Directory (for New Elm Spring Colony):

[New Elm Spring, 41844 - 269th St., Ethan, SD 57334-5206]

2:

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names represent a common identity, if Spring is the same identity as Springs, and are in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location.

[New Elm Spring Colony, Ethan, SD 57334]

IRS Organization Name and Location:

[New Elm Springs Hutterian Brethren Inc, Ethan, SD 57334-5206]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1995 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization.

3:

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 10/31/09.

4:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 10/31/2009)] [Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date] [466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01/1995 = IRS] [466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 1995.....= NCCS] [466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01-1995 = Melissa Data] [no data......, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01/1995 = TaxExemptWorld.com]

Comparison of data demonstrates all data is the same basic data.

5:

Dataset for timeframe 1995-2006:

Identity of USDA farm subsidy recipient:

[New Elm Spring Colony, Ethan, SD 57334]

USDA farm subsidy total:

1) Subsidy Total 1995-2006: \$25,618.00 (note: exact calculation)

2) Subsidy Payments 1995-2006 Total: \$25,618 (note: rounded off calculation)

IRC Section: (unknown) Ruling Date: (unknown)

Operating As: Hutterite colony

> Findings for Section NE 1, for:

[New Elm Spring Colony, Ethan, SD 57334]

(page 1)

1:

Refer to the original findings for Section LF for data. This findings includes updated data.

2

There is a USDA farm subsidy data record for these 2 names:

a) New Elm Spring Colony, Ethan, SD 57334

('Summary' data applies to 1995)

b) New Elm Spring Hutterian Brethren, Ethan, SD 57334

('Summary' data applies to 1995-2010)

The data record does not indicate these 2 names are the same identity but they are the same identity by definition. The data record shows the organization may have changed their recipient name.

3(a):

The Melissa Data webpage data for [New Elm Springs Hutterian Brethren Inc] is the same for the new data from 7/21/2011 and the original data from 10/31/2009 found in Section LF. 3(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

[Data Date: (Melissa Data 7/21/2011), (IRS 12/7/2009, Melissa Data 10/31/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[466028025, New Elm Springs Hutterian Brethren Inc., SD, 501(d), 01/1995 = IRS]

[466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01-1995 = Melissa Data]

[466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01-1995 = Melissa Data (7/21/2011)]

Comparison of data demonstrates all data is the same basic data.

3(c):

Melissa Data address comparison:

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206 = Melissa Data (10/31/2009)]

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206 = Melissa Data (7/21/2011)]

Comparison of data demonstrates the addresses are the same.

3(d):

The Employer Identification Number (EIN) from 3(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 3(b) and 3(c) is the same from 7/21/2011 and 10/31/2009.

> Findings for Section NE 1, for: [New Elm Spring Colony, Ethan, SD 57334] (page 2)

4:

IRS EO/BMF data (12/7/2009):

1) Name:

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206]

- 2) Employer Identification Number (EIN): 466028025
- 3) IRC Section: 501(d) Apostolic and religious organization
- 4) Ruling Date: 01/1995 Melissa Data (7/21/2011):
- 1) Name:

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206]

- 2) Tax I.D. Number: 466028025
- 3) IRS Subsection: 501(d) A religious and apostolic association.
- 4) Exempt Since: 01-1995

5:

Update for findings for IRS data (Section LF and Section NE 1):

a:

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity, if Spring is the same identity as Springs, and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1995 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

b:

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995.

6:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for: [New Elm Spring Colony, Ethan, SD 57334] (page 1) 1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2(a):

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity, if Spring is the same identity as Springs, and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1995 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995.

3:

2(b):

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

[New Elm Spring Colony, Ethan, SD 57334]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$25,618.00 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$25,618 (note: rounded off calculation)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995.

IRC Section: (unknown)
Ruling Date: (unknown)
Operating As: Hutterite cold

Operating As: Hutterite colony

> Conclusion for Section NE 1, for:

[New Elm Spring Colony, Ethan, SD 57334]

(page 2)

4:

Recommendation:

> Step 1

Determine IRS organization name as same identity as USDA business name.

USDA Business Name and Location:

[New Elm Spring Colony, Ethan, SD 57334]

IRS Organization Name and Address:

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206]

Manta data: New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334

Hutterite Directory (for New Elm Spring Colony):

[New Elm Spring, 41844 - 269th St., Ethan, SD 57334-5206]

> Step 2

If a determination of IRS organization name as same identity as USDA business name cannot be made then a investigation is necessary to find IRC section data from the IRS Business Master File (BMF) for:

Name: New Elm Spring Colony, Ethan, SD 57334

Timeframe for IRC section data: 1995

Data from Section LF:

Hutterite Directory (for New Elm Spring Colony):

EWG Farm Subsidy Database

Corporate Subsidy Recipients 1 to 1 of 1 in South Dakota Business Name: NEW ELM SPRING COLONY

Rank	Name	Location	Subsidy Total 1995-2010
1	New Elm Spring Colony	Ethan, SD 57334	\$ 25,618.00

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: New Elm Spring Hutterian Brethren, Ethan, SD 57334

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1):

1:

New Elm Spring Hutterian Brethren is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on name and data for ID as a Hutterite colony.

Data for New Elm Spring Hutterian Brethren for ID as a Hutterite colony:

- 1) Name: New Elm Spring Hutterian Brethren, Ethan, SD 57334
- 2) Manta data: New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334
- 3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (County) State/Province | Parent Colony 1936 | New Elmspring, South Dakota | Ethan (Davidson) SD | Alsask, Manitoba (note: a province or state has been added to the 'Colony Name' and 'Parent Colony' by FEEFHS for a flat file database for the Internet)]

4) GAMEO/Hutterite colony data:

[(Schmiedeleut Bruderhofs in South Dakota)

Name of Colony | Address | Founded | Pop. 1957 | Head Preacher

New Elm Spring | Ethan | 1936 | 145 | Sam Wollmann]

5) Hutterite Directory (for New Elm Spring Colony):

[New Elm Spring, 41844 - 269th St., Ethan, SD 57334-5206]

2.

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[New Elm Spring Hutterian Brethren, Ethan, SD 57334]

IRS Organization Name and Location:

[New Elm Springs Hutterian Brethren Inc, Ethan, SD 57334-5206]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1995 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization. 3:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 10/31/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01/1995 = IRS]

[466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 1995.....= NCCS]

[466028025, New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01-1995 = Melissa Data]

[no data....., New Elm Springs Hutterian Brethren Inc, SD, 501(d), 01/1995 =

TaxExemptWorld.com]

Comparison of data demonstrates all data is the same basic data.

4.

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS,

Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 10/31/09.

The data record does not indicate these 2 names are the same identity but they are the same identity by definition. The data record shows the organization may have changed their recipient name.

3(a):

The Melissa Data webpage data for [New Elm Springs Hutterian Brethren Inc] is the same for the new data from 7/21/2011 and the original data from 10/31/2009 found in Section LF. 3(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

[Data Date: (Melissa Data 7/21/2011), (IRS 12/7/2009, Melissa Data 10/31/2009)]

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206 = Melissa Data (10/31/2009)]

[New Elm Springs Hutterian Brethren Inc, 41844 269th St, Ethan, SD 57334-5206 = Melissa Data (7/21/2011)]

Comparison of data demonstrates the addresses are the same.

3(d):

The Employer Identification Number (EIN) from 3(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 3(b) and 3(c) is the same from 7/21/2011 and 10/31/2009.

> Findings for Section NE 1, for:

[New Elm Spring Hutterian Brethren, Ethan, SD 57334]

(page 2) 4:

- 2) Employer Identification Number (EIN): 466028025
- 3) IRC Section: 501(d) Apostolic and religious organization

- 3) IRS Subsection: 501(d) A religious and apostolic association.
- 4) Exempt Since: 01-1995

5:

Update for findings for IRS data (Section LF and Section NE 1):

a

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1995 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

b:

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

6:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for:

[New Elm Spring Hutterian Brethren, Ethan, SD 57334]

(page 1)

1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2(a):

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1995 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization. 2(b):

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

3:

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

[New Elm Spring Hutterian Brethren, Ethan, SD 57334]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$1,663,191.44 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$1,663,191 (note: rounded off calculation)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

IRC Section: (unknown)

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service, Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

^{*} According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: Orland Hutterian Brethren, Montrose, SD 57048

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1):

1:

Orland Hutterian Brethren is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on name and data for ID as a Hutterite colony.

Data for Orland Hutterian Brethren for ID as a Hutterite colony:

- 1) Name: Orland Hutterian Brethren, Montrose, SD 57048
- 2) EWG/USDA ownership shares data, Hutterite Surnames: Waldner, Wurtz
- 3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (SD) | Parent Colony | Leading Surnames 1995 | Orland | Montrose | Jamesville | Waldner, Wurtz]

4) Rocky Cape Christian Community/Hutterite colony data:

[Orland, SD, 1995 - present (note: Schmiedeleut)]

5) Hutterite Directory (for Orland Colony): Orland, 45050 - 246th St., Montrose, SD 57048

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[Orland Hutterian Brethren, Montrose, SD 57048]

IRS Organization Name and Location:

[Orland Hutterian Brethren Inc, Montrose, SD 57048-5306]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 12/1986 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization. 3:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/1/2009)]

Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date!

[460391978, Orland Hutterian Brethren Inc, SD, 501(d), 12/1986 = IRS]

[460391978, Orland Hutterian Brethren Inc, SD, 501(d), 1986.....= NCCS]

[460391978, Orland Hutterian Brethren Inc, SD, 501(d), 12-1986 = Melissa Data]

[no data......, Orland Hutterian Brethren Inc, SD, 501(d), 12/1986 = TaxExemptWorld.com] Comparison of data demonstrates all data is the same basic data.

4:

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 11/1/09.

Different Business Names:

1) Manta data: Orland Colony also does business as Orland Community

Dataset for timeframe 1995-2006:

Identity of USDA farm subsidy recipient:

[Orland Hutterian Brethren, Montrose, SD 57048]

USDA farm subsidy total:

1) Subsidy Total 1995-2006: \$1,164,134.50 (note: exact calculation)

2) Subsidy Payments 1995-2006 Total: \$1,164,135 (note: rounded off calculation)

IRC Section: (unknown) Ruling Date: (unknown)

Operating As: Hutterite colony

> Findings for Section NE 1, for:

[Orland Hutterian Brethren, Montrose, SD 57048]

(page 1)

1:

Refer to the original findings for Section LF for data. This findings includes updated data.

'Farm Location(s)' (addresses on file) subsidy payments data shows a data conflict. The data conflict will not invalidate the figure [Subsidy Total 1995-2010: \$1,847,731.26] because 'Programs' (Payment Breakdown) data will validate the figure. The data is:

Total USDA - Subsidies = \$1,847,731

Subtotal, Farming Subsidies = \$1,328,267

Subtotal, Conservation Programs = \$398,525

Subtotal, Disaster Payments = \$120,939

(note: EWG will express a exact figure as a rounded off figure for their calculations) 3(a):

The Melissa Data webpage data for [Orland Hutterian Brethren Inc] is the same for the new data from 7/22/2011 and the original data from 11/1/2009 found in Section LF. 3(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

[Data Date: (Melissa Data 7/22/2011), (IRS 12/7/2009, Melissa Data 11/1/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[460391978, Orland Hutterian Brethren Inc, SD, 501(d), 12/1986 = IRS]

[460391978, Orland Hutterian Brethren Inc, SD, 501(d), 12-1986 = Melissa Data]

[460391978, Orland Hutterian Brethren Inc, SD, 501(d), 12-1986 = Melissa Data (7/22/2011)]

Comparison of data demonstrates all data is the same basic data.

3(c):

Melissa Data address comparison:

[Orland Hutterian Brethren Inc, 45050 246th St, Montrose, SD 57048-5306 = Melissa Data (11/1/2009)]

[Orland Hutterian Brethren Inc, 45050 246th St, Montrose, SD 57048-5306 = Melissa Data (7/22/2011)]

Comparison of data demonstrates the addresses are the same. 3(d):

The Employer Identification Number (EIN) from 3(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 3(b) and 3(c) is the same from 7/22/2011 and 11/1/2009.

> Findings for Section NE 1, for: [Orland Hutterian Brethren, Montrose, SD 57048] (page 2) 4:

IRS EO/BMF data (12/7/2009):

1) Name:

[Orland Hutterian Brethren Inc, 45050 246th St, Montrose, SD 57048-5306]

- 2) Employer Identification Number (EIN): 460391978
- 3) IRC Section: 501(d) Apostolic and religious organization
- 4) Ruling Date: 12/1986 Melissa Data (7/22/2011):
- 1) Name:

[Orland Hutterian Brethren Inc, 45050 246th St, Montrose, SD 57048-5306]

- 2) Tax I.D. Number: 460391978
- 3) IRS Subsection: 501(d) A religious and apostolic association.
- 4) Exempt Since: 12-1986

5:

Update for findings for IRS data (Section LF and Section NE 1):

 \mathbf{a}

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 12/1986 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization. 6:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for:

[Orland Hutterian Brethren, Montrose, SD 57048]

(page 1)

1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2:

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 12/1986 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

[Orland Hutterian Brethren, Montrose, SD 57048]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$1,847,731.26 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$1,847,731 (note: rounded off calculation) (note: 'Subsidy Payments' data shows a data conflict but 'Programs' (Payment Breakdown) data will validate the 'Subsidy Total' figure)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

IRC Section: (unknown)

Ruling Date: (unknown)

Operating As: Hutterite colony

4:

Recommendation:

> Step 1

Determine IRS organization name as same identity as USDA business name.

USDA Business Name and Location:

[Orland Hutterian Brethren, Montrose, SD 57048]

IRS Organization Name and Address:

[Orland Hutterian Brethren Inc, 45050 246th St, Montrose, SD 57048-5306]

> Step 2

If a determination of IRS organization name as same identity as USDA business name cannot be made then a investigation is necessary to find IRC section data from the IRS Business Master File (BMF) for:

Name: Orland Hutterian Brethren, Montrose, SD 57048

Timeframe for IRC section data: 1995-2010

Data from Section LF:

Hutterite Directory (for Orland Colony): Orland, 45050 - 246th St., Montrose, SD 57048 Different Business Names:

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

Orland Hutterian Brethren received payments totaling \$1,847,731 from 1995 through 2010

^{*} According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Welland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wellands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: Pearl Creek Colony, Iroquois, SD 57353

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1):

1:

Pearl Creek Colony fits a profile of a Hutterite colony but cannot confirm identity as a Hutterite colony and member of the Hutterian Brethren Church due to a lack of evidence.

Data for Pearl Creek Colony that fits a profile of a Hutterite colony:

- 1) Name: Pearl Creek Colony, Iroquois, SD 57353 (USDA farm subsidy recipient)
- 2) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (County) State/Province | Parent Colony 1949 | Pearl Creek, South Dakota | Iroquois (Kingsbury) SD | Huron, South Dakota (note: a province or state has been added to the 'Colony Name' and 'Parent Colony' by FEEFHS for a flat file database for the Internet)]

3) GAMEO/Hutterite colony data:

[(Schmiedeleut Bruderhofs in South Dakota)

Name of Colony | Address | Founded | Pop. 1957 | Head Preacher

Pearl Creek | Iroquois | 1949 | 130 | Michael Waldner]

4) Hutterite Directory (for Pearl Creek Colony):

[Pearl Creek, 21085 - 415th Ave., Iroquois, SD 57353-6705]

2.

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names represent a common identity and are in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[Pearl Creek Colony, Iroquois, SD 57353]

IRS Organization Name and Location:

[Pearl Creek Hutterian Brethren Inc, Iroquois, SD 57353-6705]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 11/1961 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization.

3:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/1/2009)] [Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date] [466012147, Pearl Creek Hutterian Brethren Inc, SD, 501(d), 11/1961 = IRS]

[466012147, Pearl Creek Hutterian Brethren Inc, SD, 501(d), 1961.....= NCCS]

[466012147, Pearl Creek Hutterian Brethren Inc, SD, 501(d), 11-1961 = Melissa Datal

[no data......, Pearl Creek Hutterian Brethren Inc, SD, 501(d), 11/1961 = TaxExemptWorld.com] Comparison of data demonstrates all data is the same basic data.

4.

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form

1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 11/1/09.

5:

Different Business Names:

1) Manta data: Pearl Creek Hutterian Brethren Inc

6

Dataset for timeframe 1995-2006:

Identity of USDA farm subsidy recipient:

[Pearl Creek Colony, Iroquois, SD 57353]

USDA farm subsidy total:

1) Subsidy Total 1995-2006: \$1,450,945.86 (note: exact calculation)

2) Subsidy Payments 1995-2006 Total: \$1,450,946 (note: rounded off calculation)

IRC Section: (unknown)
Ruling Date: (unknown)

Operating As: The organization fits a profile of a Hutterite colony but cannot confirm identity as a Hutterite colony due to a lack of evidence.

> Findings for Section NE 1, for:

[Pearl Creek Colony, Iroquois, SD 57353]

(page 1)

1:

Refer to the original findings for Section LF for data. This findings includes updated data.

2:

'Farm Location(s)' (addresses on file) subsidy payments data shows a data conflict. The data conflict will not invalidate the figure [Subsidy Total 1995-2010: \$1,668,428.56] because 'Programs' (Payment Breakdown) data will validate the figure. The data is:

Total USDA - Subsidies = \$1,668,429

Subtotal, Farming Subsidies = \$1,575,045

Subtotal, Conservation Programs = \$41,182

Subtotal, Disaster Payments = \$52,201

(note: EWG will express a exact figure as a rounded off figure for their calculations)

3(a): Data from Findings for Section LF:

a.

Pearl Creek Colony fits a profile of a Hutterite colony but cannot confirm identity as a Hutterite colony and member of the Hutterian Brethren Church due to a lack of evidence.

3(b):

Update for Findings for Section LF:

a

Pearl Creek Colony is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on data for ID as a Hutterite colony. Pearl Creek Colony is a recognized Hutterite colony. Hutterite surnames are found at Pearl Creek Colony.

Data for Pearl Creek Colony for ID as a Hutterite colony:

- 1) Name: Pearl Creek Colony, Iroquois, SD 57353
- 2) Hutterite surnames found with USDA ownership shares data 2009: Waldner, Wollman (note: for verification of Hutterite surnames refer to the webpage 'Surnames of Founding Families' at [http://www.feefhs.org/links/hutterites/surnames.html])
- 3) Hutterite Directory (for Pearl Creek Colony):

[Pearl Creek, 21085 - 415th Ave., Iroquois, SD 57353-6705]

(note: there is more ID data in Findings for Section LF)

> Findings for Section NE 1, for:

[Pearl Creek Colony, Iroquois, SD 57353]

(page 2)

4(a):

The Melissa Data webpage data for [Pearl Creek Hutterian Brethren Inc] is the same for the new data from 7/22/2011 and the original data from 11/1/2009 found in Section LF. 4(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

[Data Date: (Melissa Data 7/22/2011), (IRS 12/7/2009, Melissa Data 11/1/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[466012147, Pearl Creek Hutterian Brethren Inc., SD, 501(d), 11/1961 = IRS1

[466012147, Pearl Creek Hutterian Brethren Inc, SD, 501(d), 11-1961 = Melissa Data]

[466012147, Pearl Creek Hutterian Brethren Inc, SD, 501(d), 11-1961 = Melissa Data (7/22/2011)]

Comparison of data demonstrates all data is the same basic data.

4(c):

Melissa Data address comparison:

[Pearl Creek Hutterian Brethren Inc, 21085 415th Ave, Iroquois, SD 57353-6705 = Melissa Data (11/1/2009)]

[Pearl Creek Hutterian Brethren Inc, 21085 415th Ave, Iroquois, SD 57353-6705 = Melissa Data (7/22/2011)]

Comparison of data demonstrates the addresses are the same.

4(d):

The Employer Identification Number (EIN) from 4(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 4(b) and 4(c) is the same from 7/22/2011 and 11/1/2009.

5:

IRS EO/BMF data (12/7/2009):

1) Name:

[Pearl Creek Hutterian Brethren Inc, 21085 415th Ave, Iroquois, SD 57353-6705]

- 2) Employer Identification Number (EIN): 466012147
- 3) IRC Section: 501(d) Apostolic and religious organization
- 4) Ruling Date: 11/1961

Melissa Data (7/22/2011):

1) Name:

[Pearl Creek Hutterian Brethren Inc, 21085 415th Ave, Iroquois, SD 57353-6705]

- 2) Tax I.D. Number: 466012147
- 3) IRS Subsection: 501(d) A religious and apostolic association.
- 4) Exempt Since: 11-1961

```
> Findings for Section NE 1, for:
[Pearl Creek Colony, Iroquois, SD 57353]
(page 3)
6:
Update for findings for IRS data (Section LF and Section NE 1):
a:
```

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 11/1961 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization. 7:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for: [Pearl Creek Colony, Iroquois, SD 57353] (page 1) 1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2:

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 11/1961 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

^{*} According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately. NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP

Unfortunately, NRCS has not provided the data to show where these farms and wellands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the little companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

* According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wellands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

* According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these litle companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately. NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs,

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: Pleasant Valley Colony, Flandreau, SD 57028

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings (for Section LF, Part 1 and Part 2, and Section SF, Version 1)

Findings (for Section LF, Part 1 and Part 2, and Section SF, Version 1):

Pleasant Valley Colony fits a profile of a Hutterite colony but cannot confirm identity as a Hutterite colony and member of the Hutterian Brethren Church due to a lack of evidence. Data for Pleasant Valley Colony that fits a profile of a Hutterite colony:

- 1) Name: Pleasant Valley Colony, Flandreau, SD 57028 (USDA farm subsidy recipient)
- 2) Manta data:

[Pleasant Valley Colony Of Hutterian Brethren Inc, 22941 487th Ave, Flandreau, SD 57028]

3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (County) State/Province | Parent Colony 1973 | Pleasant Valley, South Dakota | Flandeau (Moody) SD | Big Stone, Minnesota (note: a province or state has been added to the 'Colony Name' and 'Parent Colony' by FEEFHS for a flat file database for the Internet)]

4) Hutterite Directory (for Pleasant Valley Colony): [Pleasant Valley, 22941 487th Ave, Flandreau, SD 57028-9444]

2:

There is a conflict with the USDA farm subsidy data. The EWG search result webpage shows:

- 1) Pleasant Valley Colony, Flandreau, SD 57028 Subsidy Total 1995-2006: \$380,804.08
- 2) Pleasant Valley Colony-delete, Flandreau, SD 57028

Subsidy Total 1995-2006: Farm Owner

There is some USDA farm subsidy data for Pleasant Valley Colony-delete. The financial figure for 'Subsidy Payments 1995-2006' is \$0. The data indicates a business name error but there is a possibility that Pleasant Valley Colony may have been deleted as a USDA farm subsidy recipient. Also, ownership share data, as recipient ownership share data, shows both names so this data will have to be resolved. So, a investigation is necessary to determine the correct USDA farm subsidy data for Pleasant Valley Colony, Flandreau, SD 57028.

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names represent a common identity and are in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[Pleasant Valley Colony, Flandreau, SD 57028]

IRS Organization Name and Location:

[Pleasant Valley Hutterian Brethren Inc., Flandreau, SD 57028-6635]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1982 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization.

4:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data:

[Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/2/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[460360023, Pleasant Valley Hutterian Brethren Inc, SD, 501(d), 01/1982 = IRS]

[460360023, Pleasant Valley Hutterian Brethren Inc Peter Tschetter Etal Ptr, SD, 501(d), 1982 = NCCS]

[460360023, Pleasant Valley Hutterian Brethren Inc Peter Tschetter Etal Ptr, SD, 501(d), 01-1982 = Melissa Data]

[no data......, Pleasant Valley Hutterian Brethren Inc, SD, 501(d), 01/1982 =

TaxExemptWorld.com]

Comparison of data demonstrates all data is the same basic data disregarding the inclusion of a secondary name.

5:

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name, disregarding the inclusion of a secondary name, and indicates the organization is active as of 11/2/09.

4(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

22941 487th Ave, Flandreau, SD 57028-6635 = Melissa Data (7/22/2011)]

Comparison of data demonstrates the addresses are the same.

4(d):

The Employer Identification Number (EIN) from 4(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 4(b) and 4(c) is the same from 7/22/2011 and 11/2/2009.

5:

IRS EO/BMF data (12/7/2009):

- 4) Exempt Since: 01-1982

```
> Findings for Section NE 1, for:

[Pleasant Valley Colony, Flandreau, SD 57028]

(page 3)

6:

Update for findings for IRS data (Section LF and Section NE 1):
```

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1982 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for: [Pleasant Valley Colony, Flandreau, SD 57028] (page 1)

1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2:

The IRS organization name is not the same as the USDA business name. The 2 names represent a common identity and are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 01/1982 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

- 2) Subsidy Payments 1995-2010 Total: \$464,662 (note: rounded off calculation)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

Recommendation:

> Step 1

A investigation is necessary to determine the correct USDA farm subsidy data for:

There is a conflict with the USDA farm subsidy data. The evidence includes 2 EWG datasets for these names:

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration. which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

IRS Organization Name and Location:

[Rolling Prairie Hutterian Brethren Inc, Miller, SD 57362-6703]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 07/2005 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization.

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/3/2009)] [Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date] [202376475, Rolling Prairie Hutterian Brethren Inc, SD, 501(d), 07/2005 = IRS] [202376475, Rolling Prairie Hutterian Brethren Inc, SD, 501(d), 2005.....= NCCS] [202376475, Rolling Prairie Hutterian Brethren Inc, SD, 501(d), 07-2005 = Melissa Data]

[no data....., Rolling Prairie Hutterian Brethren Inc, SD, 501(d), 07/2005 =

TaxExemptWorld.com]

Comparison of data demonstrates all data is the same basic data.

4:

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 11/3/09.

- 4) Exempt Since: 07-2005

> Findings for Section NE 1, for: [Rolling Prairie Hb Inc, Miller, SD 57362] (page 2)

4:

Update for findings for IRS data (Section LF and Section NE 1):

a:

The IRS organization name is not the same as the USDA business name. The USDA name represents a abbreviated form of the IRS name and the 2 names are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 07/2005 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

b:

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 2005-2010.

5:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for: [Rolling Prairie Hb Inc, Miller, SD 57362] (page 1) 1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2(a):

The IRS organization name is not the same as the USDA business name. The USDA name represents a abbreviated form of the IRS name and the 2 names are in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 07/2005 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

2(b):

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 2005-2010.

3:

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: Rosedale Hutterian Brethren Incor, Mitchell, SD 57301

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1): 1:

Rosedale Hutterian Brethren Incor is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on name and data for ID as a Hutterite colony. The addition of 'Incor' at the end of the name is probably a reference to Incorporated.

Data for Rosedale Hutterian Brethren Incor for ID as a Hutterite colony:

- 1) Name: Rosedale Hutterian Brethren Incor, Mitchell, SD 57301
- 2) EWG/USDA ownership shares data, Hutterite Surnames: [Kleinsasser, Maendel, Stahl, Waldner, Wipf]
- 3) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (County) State/Province | Parent Colony 1945 | Rosedale, South Dakota | Mitchell (Davidson) SD | Rockport, South Dakota (note: a province or state has been added to the 'Colony Name' and 'Parent Colony' by FEEFHS for a flat file database for the Internet)]

4) GAMEO/Hutterite colony data:

[(Schmiedeleut Bruderhofs in South Dakota)

Name of Colony | Address | Founded | Pop. 1957 | Head Preacher

Rosedale | Mitchell | 1945 | 114 | Joseph Waldner, Sr. I

5) Hutterite Directory (for Rosedale Colony):

[Rosedale, 25986 Rosedale Rd., Mitchell, SD 57301-7515]

2:

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301]

IRS Organization Name and Location:

[Rosedale Hutterian Brethern Inc, Mitchell, SD 57301-7515]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 11/1961 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization.

3:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data: [Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/3/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[466015435, Rosedale Hutterian Brethern Inc, SD, 501(d), 11/1961 = IRS]

[466015435, Rosedale Hutterian Brethern Inc, SD, 501(d), 1961.....= NCCS1

[466015435, Rosedale Hutterian Brethern Inc, SD, 501(d), 11-1961 = Melissa Datal

[no data......, Rosedale Hutterian Brethern Inc, SD, 501(d), 11/1961 = TaxExemptWorld.com] Comparison of data demonstrates all data is the same basic data.

4:

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the organization is active as of 11/3/09.

5:

Different Business Names:

1) Manta data: Rosedale Hutterian Brethren Inc also does business as Rosedale Colony

Dataset for timeframe 1995-2006:

Identity of USDA farm subsidy recipient:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301]

USDA farm subsidy total:

1) Subsidy Total 1995-2006: \$1,284,744.45 (note: exact calculation)

2) Subsidy Payments 1995-2006 Total: \$1,284,744 (note: rounded off calculation)

IRC Section: (unknown) Ruling Date: (unknown)

Operating As: Hutterite colony

> Findings for Section NE 1, for:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301] (page 1)

1:

Refer to the original findings for Section LF for data. This findings includes updated data.

'Farm Location(s)' (addresses on file) subsidy payments data shows a data conflict. The data conflict will not invalidate the figure [Subsidy Total 1995-2010: \$1,668,723.49] because 'Programs' (Payment Breakdown) data will validate the figure. The data is:

Total USDA - Subsidies = \$1,668,723

Subtotal, Farming Subsidies = \$1,461,512

Subtotal, Conservation Programs = \$162,163

Subtotal, Disaster Payments = \$45,049

(note: EWG will express a exact figure as a rounded off figure for their calculations) 3(a):

The Melissa Data webpage data for [Rosedale Hutterian Brethern Inc] is the same for the new data from 7/22/2011 and the original data from 11/3/2009 found in Section LF. 3(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

[Data Date: (Melissa Data 7/22/2011), (IRS 12/7/2009, Melissa Data 11/3/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[466015435, Rosedale Hutterian Brethern Inc, SD, 501(d), 11/1961 = IRS]

[466015435, Rosedale Hutterian Brethern Inc, SD, 501(d), 11-1961 = Melissa Data]

[466015435, Rosedale Hutterian Brethern Inc, SD, 501(d), 11-1961 = Melissa Data (7/22/2011)] Comparison of data demonstrates all data is the same basic data.

3(c):

Melissa Data address comparison:

[Rosedale Hutterian Brethern Inc, 25986 Rosedale Rd, Mitchell, SD 57301-7515 = Melissa Data (11/3/2009)]

[Rosedale Hutterian Brethern Inc, 25986 Rosedale Rd, Mitchell, SD 57301-7515 = Melissa Data (7/22/2011)]

Comparison of data demonstrates the addresses are the same.

3(d):

The Employer Identification Number (EIN) from 3(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 3(b) and 3(c) is the same from 7/22/2011 and 11/3/2009.

> Findings for Section NE 1, for:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301] (page 2)

4:

IRS EO/BMF data (12/7/2009):

1) Name:

[Rosedale Hutterian Brethern Inc, 25986 Rosedale Rd, Mitchell, SD 57301-7515]

- 2) Employer Identification Number (EIN): 466015435
- 3) IRC Section: 501(d) Apostolic and religious organization
- 4) Ruling Date: 11/1961 Melissa Data (7/22/2011):
- 1) Name:

[Rosedale Hutterian Brethern Inc, 25986 Rosedale Rd, Mitchell, SD 57301-7515]

- 2) Tax I.D. Number: 466015435
- 3) IRS Subsection: 501(d) A religious and apostolic association.
- 4) Exempt Since: 11-1961

5:

Update for findings for IRS data (Section LF and Section NE 1):

a

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 11/1961 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301] (page 1)

1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 11/1961 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

Dataset for timeframe 1995-2010:

Identity of USDA farm subsidy recipient:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301]

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$1,668,723.49 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$1,668,723 (note: rounded off calculation) (note: 'Subsidy Payments' data shows a data conflict but 'Programs' (Payment Breakdown) data will validate the 'Subsidy Total' figure)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1995-2010.

IRC Section: (unknown)
Ruling Date: (unknown)

Operating As: Hutterite colony

4:

Recommendation:

> Step 1

Determine IRS organization name as same identity as USDA business name.

USDA Business Name and Location:

[Rosedale Hutterian Brethren Incor, Mitchell, SD 57301]

IRS Organization Name and Address:

[Rosedale Hutterian Brethern Inc, 25986 Rosedale Rd, Mitchell, SD 57301-7515]

> Step 2

If a determination of IRS organization name as same identity as USDA business name cannot be made then a investigation is necessary to find IRC section data from the IRS Business Master File (BMF) for:

Name: Rosedale Hutterian Brethren Incor, Mitchell, SD 57301

Timeframe for IRC section data: 1995-2010

Data from Section LF:

Hutterite Directory (for Rosedale Colony):

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.

^{*} According to USDA percentage shares for ownership may not reflect share of subsidy payments. EWG review shows that share information on file with USDA may not always equal 100 percent. Most recent percentage share information is from 2008. Future release of this information was barred by law in the 2008 Farm Bill.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. List of Evidence for Hutterite colonies as USDA farm subsidy recipients

Subject: Rustic Acres Hutterian Brethren I, Madison, SD 57042

Location by State: South Dakota

Status: Investigation as EO (Exempt Organization)

Topic: Findings, for Section LF and Section SF, Version 1

Findings (for Section LF and Section SF, Version 1):

Rustic Acres Hutterian Brethren I is confirmed as a Hutterite colony and member of the Hutterian Brethren Church based on name and data for ID as a Hutterite colony. The addition of T at the end of the name is probably a reference to Inc.

Data for Rustic Acres Hutterian Brethren I for ID as a Hutterite colony:

- 1) Name: Rustic Acres Hutterian Brethren I, Madison, SD 57042
- 2) FEEFHS/Hutterite colony data:

[Year Founded | Colony Name | Location: City (SD) | Parent Colony | Leading Surnames (no data) | Rustic Acres | Madison | Wolf Creek | Hofer]

3) Rocky Cape Christian Community/Hutterite colony data:

[Rustic Acres, SD, 2001 - present (note: Schmiedeleut)]

4) Hutterite Directory (for Rustic Acres Colony):

[Rustic Acres, 24243 - 456th Ave, Madison, SD 57042-7212]

2

IRS EO/BMF data found but the organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity.

USDA Business Name and Location:

[Rustic Acres Hutterian Brethren I, Madison, SD 57042]

IRS Organization Name and Location:

[Rustic Acres Hutterian Brethren Inc, Madison, SD 57042-7212]

If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 08/1998 indicate the organization received USDA farm subsidies during the timeframe 1995-2006 as a tax-exempt nonprofit religious organization. 3:

Comparison of IRS EO/BMF data with NCCS, Melissa Data, and TaxExemptWorld.com data:

[Data Date: (IRS 12/7/2009), (NCCS, Melissa Data, and TaxExemptWorld.com, 11/3/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[460447112, Rustic Acres Hutterian Brethren Inc, SD, 501(d), 08/1998 = IRS]

[460447112, Rustic Acres Hutterian Brethren Inc, SD, 501(d), 1998.....= NCCS]

[460447112, Rustic Acres Hutterian Brethren Inc, SD, 501(d), 08-1998 = Melissa Data]

[no data......, Rustic Acres Hutterian Brethren Inc, SD, 501(d), 08/1998 =

TaxExemptWorld.com]

Comparison of data demonstrates all data is the same basic data.

4:

IRS EO/BMF data indicates the organization is not required to file Form 990. Data from NCCS, Melissa Data, and TaxExemptWorld.com for the same organization indicates the organization is not required to file Form 990. The organization is classified as IRC section 501(d) and files Form 1065 so the data for Form 990 is correct.

NCCS data for organization name is the same as the IRS organization name and indicates the

organization is active as of 11/3/09.

(page 1)

1:

Refer to the original findings for Section LF for data. This findings includes updated data. 2(a):

The Melissa Data webpage data for [Rustic Acres Hutterian Brethren Inc] is the same for the new data from 7/22/2011 and the original data from 11/3/2009 found in Section LF. 2(b):

Comparison of Melissa Data data with [IRS EO/BMF data and Melissa Data data as original data from Section LF]:

[Data Date: (Melissa Data 7/22/2011), (IRS 12/7/2009, Melissa Data 11/3/2009)]

[Data: EIN, Organization Name, Location by State, IRC Section, Ruling Date]

[460447112, Rustic Acres Hutterian Brethren Inc, SD, 501(d), 08-1998 = Melissa Data (7/22/2011)]

Comparison of data demonstrates all data is the same basic data.

2(c):

Melissa Data address comparison:

[Rustic Acres Hutterian Brethren Inc, 24243 456th Ave, Madison, SD 57042-7212 = Melissa Data (11/3/2009)]

[Rustic Acres Hutterian Brethren Inc, 24243 456th Ave, Madison, SD 57042-7212 = Melissa Data (7/22/2011)]

Comparison of data demonstrates the addresses are the same.

2(d):

The Employer Identification Number (EIN) from 2(b) is the same for all 3 datasets so the data is for the same organization. The comparison data for Melissa Data in 2(b) and 2(c) is the same from 7/22/2011 and 11/3/2009.

3:

IRS EO/BMF data (12/7/2009):

1) Name:

[Rustic Acres Hutterian Brethren Inc, 24243 456th Ave, Madison, SD 57042-7212]

- 2) Employer Identification Number (EIN): 460447112
- 3) IRC Section: 501(d) Apostolic and religious organization
- 4) Ruling Date: 08/1998

Melissa Data (7/22/2011):

1) Name:

[Rustic Acres Hutterian Brethren Inc, 24243 456th Ave, Madison, SD 57042-7212]

- 2) Tax I.D. Number: 460447112
- 3) IRS Subsection: 501(d) A religious and apostolic association.
- 4) Exempt Since: 08-1998

> Findings for Section NE 1, for: [Rustic Acres Hutterian Brethren I, Madison, SD 57042] (page 2)

4:

Update for findings for IRS data (Section LF and Section NE 1):

a:

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 08/1998 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization.

b

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1999-2010.

5:

Melissa Data can be established as a valid data source for IRS data from [Findings for documentation as evidence for Hutterite colonies as USDA farm subsidy recipients] that will establish that there are 100 organizations with IRS EO/BMF data and Melissa Data data with the same IRS Employer Identification Number (EIN) and Melissa Data data that can be converted to decoded IRS EO/BMF data, so the data is for the same organization.

> Conclusion for Section NE 1, for:

[Rustic Acres Hutterian Brethren I, Madison, SD 57042] (page 1)

1:

This conclusion is a updated version of the original conclusion for Section LF so refer to this updated conclusion as the new conclusion for Section LF. This conclusion includes a updated dataset with data for timeframe 1995-2010.

2(a):

The IRS organization name is not the same as the USDA business name. The 2 names are similar and in the same location so there is a possibility that the 2 names are the same identity. If the 2 names are the same identity then the IRC section '501(d) Apostolic and religious organization' and the ruling date 08/1998 indicate the organization received USDA farm subsidies during the timeframe 1995-2010 as a tax-exempt nonprofit religious organization. 2(b):

'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1999-2010.

3:

Dataset for timeframe 1995-2010:

USDA farm subsidy total:

- 1) Subsidy Total 1995-2010: \$459,217.15 (note: exact calculation)
- 2) Subsidy Payments 1995-2010 Total: \$459,217 (note: rounded off calculation)
- 3) 'Summary' data shows that the farm subsidy payment data for the calculation of the USDA farm subsidy total for 1995-2010 applies to 1999-2010.

Note: The information on conservation spending for 2010 is incomplete due to missing data from USDA's Natural Resource Conservation Service. Payment data currently are not included for the Environmental Quality Incentives Program, but will be added once NRCS makes it available.

The information provided for the Wetland Reserve Program (WRP) provides an inaccurate picture of how WRP payments are distributed. USDA's Natural Resource Conservation Service uses title companies as intermediaries to finalize wetlands easements under the Wetlands Reserve Program. As a result, the data provided to us shows large sums of money going to these title companies. In reality, the payments are ultimately distributed to landowners participating in the WRP.

Unfortunately, NRCS has not provided the data to show where these farms and wetlands are located or which farmers or landowners are enrolling in the program, so EWG is unable to allocate these large sums of money to individuals beyond the title companies. Therefore, these companies skew the conservation rankings and payment concentration, which EWG cannot avoid unless and until NRCS makes available the additional farm attribution data. Therefore, we have not included WRP payments in the 2010 data update.

Finally, we have separated data on farm commodity, disaster and conservation payments in order to provide a more accurate picture of top recipients and concentration of payments among the three main categories of USDA programs.
